VISION

City services are administered and delivered in a way that gives all Portlanders access to the opportunities necessary to satisfy their essential needs, advance their well-being and achieve their full potential.

MISSION

The Office of Equity and Human Rights provides education and technical support to City staff and elected officials, leading to recognition and removal of systemic barriers to fair and just distribution of resources, access and opportunity, starting with issues of race and disability.
What is Equity?

Equity is when everyone has access to the opportunities necessary to satisfy their essential needs, advance their well-being and achieve their full potential. We have a shared fate as individuals within a community and as communities within society. All communities need the ability to shape their own present and future. Equity is both the means to healthy communities and an end that benefits us all.
